For the highest value and best printing experience, always use HP Original Supplies.

1. Total-cost-of-ownership comparison based on 90,000 pages for PageWide Pro and 150,000 pages for PageWide Enterprise; manufacturers' published specs for page yields and energy use; manufacturers' recommended street prices for HP hardware and supplies, average street prices for competitive devices, and cost per page based on ISO yield with continuous printing in default mode with highest-capacity cartridges. Comparisons are to color business printers and MFPs $300–$1000 as of Sept. 2015 and color business A4 MFPs $500–$3000 as of Nov. 2015, excluding products with 1% or lower market share. More at hp.com/go/learnaboutsuplies.

2. Speed comparison based on manufacturers' published specifications of fastest available color mode of Pro-class color business printers and MFPs $300–$1000 as of Sept. 2015 and Enterprise-class color business printers and MFPs $500–$3000 as of Nov. 2015, excluding products with 1% or lower market share. Learn more at hp.com/go/PageWideClaims and hp.com/go/printerspeeds.

3. Energy efficiency comparison based on TEC data reported on energystar.gov. TEC data normalized to determine energy efficiency of majority of in-class Pro-class color business printers and MFPs $300–$1000 as of Sept. 2015 and Enterprise-class color business printers and MFPs $500–$3000 as of Nov. 2015, excluding products with 1% or lower market share. Learn more at hp.com/go/PageWideClaims.
